11.1 Quarterly Budget vs Spend Review Q4 2021-2022

Relating to General Fund income:

- RAMJO budgeted to receive \$ 222,467 year to date, and \$226,157 has been received. This predominantly due to the increased interest income after rate increases on the \$1.2million term deposit.

25 November 2022

- RAMJO has not recognised the \$150k from OLG NSW received in late June 2021 for capacity building funds, it is currently on the balance sheet as unearned income in advance.

Relating to General Fund expenses:

- RAMJO budgeted to spend \$128,793 year to date, and spent \$129,830 at the end of Q1, which is not a material variance.

The Energy Project is grant funded, and expenses relate to the Regional Energy Strategy Project Manager.
