The Board received update reports from Mr Ferris regarding the Southern Lights Street Lighting Project, arising from the 8th October and 5th November meetings of the Project Working Group, with Essential Energy and the Project Consultant Next Energy.

RESOLVED that the update reports submitted by RAMJO’s Street Lighting Representative Brad Ferris be received and noted

(Moved Cr Dal Broi and seconded Cr Brennan)

AGENDA ITEM 10 - DRAFT RAMJO STATEMENT OF STRATEGIC REGIONAL PRIORITIES – TO BE SUBMITTED TO OFFICE OF LOCAL GOVERNMENT BY 31ST DECEMBER 2018

The final draft of the RAMJO Statement of Strategic Regional Priorities (SSRP) was submitted for consideration by the Board, which identifies the following key strategic regional priorities:-

1. Improve our Water Security
2. Improve our Energy Security and Affordability
3. Improve Transport Connectivity
4. Improve Digital Connectivity
5. Better Match Health Services to our Changing Needs

6. Boost out Industry/Workforce/Jobs

The meeting also considered the establishment of Pillar Priority Sub Committees to address each of the key strategic priorities and the appointment of Councils' Mayors and General Managers to each of those Sub Committees.

RESOLVED

1. That the RAMJO Statement of Strategic Regional Priorities (SSRP) be formally adopted and placed on the RAMJO website;
2. That the SSRP document be professionally designed and printed and submitted to the NSW Premier and Deputy Premier, Minister for Local Government, Department of Premier and Cabinet and the Office of Local Government;
3. That a one page summary document be developed for external distribution to other Joint Organisations, Councils, community organisations, State and Federal Government Ministers, Departments and Agencies and other identified RAMJO stakeholders;
4. That the following Council Mayors and/or General Managers be appointed as members of the various Pillar Priority Sub-committees to progress the development of strategies and action plans:-
 - Water Security - Leeton, Murray River, Berrigan and Edward River Councils
 - Energy Security and Affordability - Hay, Narrandera, Berrigan and Albury Councils

 - Industry/ Workforce/Jobs – Albury, Griffith, Murray River and Leeton Councils
5. That the Executive Officer facilitate and service the work of each of the sub-committees and be authorised to engage external expertise and co-opt specialist Council Officer assistance as required from time to time;
6. That the action taken to engage ID Consulting Pty Ltd to carry out RAMJO region population forecasts commencing in early 2019 be endorsed;
7. That an approach be made to Riverina JO and DP&C, to gauge the level of interest in expanding the ID Forecast population analysis to include all Councils within the whole of the designated NSW Riverina and Murray region.

(Moved Cr Dal Broi and seconded Cr Kschenka)

AGENDA ITEM 11 – PROVISION OF HEALTH SERVICES IN RURAL, REGIONAL AND REMOTE NSW

The Interim Executive Officer reported on the meeting of a significant number of Councils held in Albury on 21st October 2018 and hosted by Gwydir Shire Council, to discuss concerns relating to problems experienced in the attraction and retention of doctors across regional, rural and remote areas of NSW.

At the present time there are some 277 doctor position vacancies in regional and rural areas.

RESOLVED

1. That the letter, meeting minutes and associated documentation received from Gwydir Shire Council be received and noted;
2. That Gwydir Shire Council and other Joint Organisations be informed that Health Services is an identified Priority in RAMJO Statement of Strategic Regional Priorities and that a range of strategic actions are proposed, including the establishment of a Health Alliance across all three levels of government to improve health service provision in the RAMJO region;
3. That Member Councils encourage their residents to sign the petitions which are intended to be presented to the Federal and NSW Parliaments;
4. That RAMJO and Member Councils also forward letters to the relevant Ministers through the local Federal and State Members stressing the critical importance of attracting and retaining medical practitioners in regional and rural areas.
5. That RAMJO issue an appropriate Media Release to the region's TV, radio and newspaper outlets.
6. That the potential strategies identified in discussion at the Board meeting be referred to the RAMJO SSRP Health Services Sub-Committee for further consideration, these potential strategies to include the

removal of impediments and the provision of additional incentives and allowing overseas trained doctors to practice in regional and rural areas for specified minimum periods of time.

(Moved Cr Sheaffe and seconded Cr Laird)

AGENDA ITEM 12 - RAMJO EXECUTIVE OFFICER - RECRUITMENT PROCESSES

Albury City Council, which is co-ordinating the EO recruitment process, provided an update report on the timetable for advertising, interview and appointment and has proposed that the Working Panel established at the September RAMJO Board meeting be now delegated authority to proceed through to appointment.

RESOLVED that the report from Albury City be adopted and that the RAMJO Board delegate authority to the Working Panel to undertake the recruitment process through to selection of a preferred candidate; and then for the Chair Cr Kevin Mack and Deputy Chair Cr John Dal Broi to negotiate contract term and conditions to finalise the appointment of the RAMJO Executive Officer.

(Moved Cr Brennan and seconded Cr Bilkey)

AGENDA ITEM 13 - MURRAY REGION TOURISM BOARD REPORT

The Chair of MRT Wendy Greiner has written acknowledging the services of RAMJO's former representative on the MRT Board Tracey Squire and welcoming the new representative Adam McSwain. A copy of the MRT's October 2018 update has also been provided for information of Councils and the Board.

RESOLVED that the MRT letter and the October 2018 MRT update be received and noted

(Moved Cr Brennan and seconded Cr Bourke)

AGENDA ITEM 14 - DESTINATION RIVERINA MURRAY - THRIVE REPORTING TO RAMJO ARRANGEMENTS

Leeton Shire Council has raised the importance of THRIVE (formerly Riverina Tourism) having a designated person to report regularly to the RAMJO Board and has proposed that the Council's Manager Communications and Marketing and THRIVE Board Member Brent Lawrence be approved as the contact person.

RESOLVED that Brent Lawrence Manager Communications and Marketing Manager at Leeton Shire and a Board Member of THRIVE (formerly Riverina Tourism) be approved as the contact person to report to RAMJO on THRIVE's ongoing tourism activities for the Riverina tourism region

(Moved Cr Bourke and seconded Cr Maytom)

AGENDA ITEM 15 - DROUGHT ASSISTANCE PROGRAM - SUPPORTING SEVERELY DROUGHT AFFECTED COMMUNITIES

The Interim Executive Officer reported on the matter of RAMJO Councils deciding on whether to provide funding donations to be made to the current drought assistance programs across New South Wales.

RESOLVED that it be left to each Council to make its decision in relation to making a drought relief donation, with donations by Councils able to be channelled via RAMJO as a regional initiative.

(Moved Cr Dal Broi and seconded Cr Brennan)

AGENDA ITEM 16 - NSW CONTAINER DEPOSIT SCHEME (CDS) - LOCAL GOVERNMENT SHARE OF REVENUE GENERATED BY MATERIAL RECOVERY FACILITIES (MRFS)

The Interim Executive Officer reported on negotiations between a number of RAMJO Councils and Material Recovery Facility (MRF) operators Cleanaway and Kurrajong Recyclers.

RESOLVED that the written and verbal reports by the Interim Executive Officer be received and noted (Moved Cr Bourke and seconded Cr Dal Broi)

AGENDA ITEM 17 - MURRAY DARLING BASIN PLAN IMPLEMENTATION ISSUES

A report was submitted by the Interim Executive Officer in relation to the following Basin Plan matters:-

- Representations seeking the availability of environmental water during severe drought conditions to augment food and fodder production;
- Productivity Commission's Draft Report on the 5 year assessment of the Basin Plan implementation;
- Infrastructure efficiency Measures — 450 GL 'upwater' – the socio-economic neutrality criteria

RESOLVED

- 1. That the report by the Interim Executive Officer be received and noted**
- 2. That the RAMJO submission to the Productivity Commission be noted and endorsed**
- 3. That RAMJO offer its strong support to the representations being made by the Murray Regional Strategy Group to the Federal Water Minister and the Basin Plan Ministerial Council**
- 4. That RAMJO work collaboratively with the Murray Regional Strategy Group and offer to participate in future meetings and delegations.**

(Moved Cr Maytom and seconded Cr Bourke)

AGENDA ITEM 18 - RAMJO FINANCIAL STATEMENTS AS AT 30TH SEPTEMBER 2018

Consideration was given to the 2018-2019 RAMJO Financial Statements for the quarter ended 30th September 2018, in respect of the General Account, the Murray Waste Group Account and the Riverina Waste Group Account.

RESOLVED that the RAMJO Financial Statements for the quarterly period ended 30th September 2018 be received and noted;

FURTHER RESOLVED that RAMJO Member Councils be requested to advise of their position in relation to the re-contribution of the surplus RAMROC funds back to the new Joint Organisation (Moved Cr Morris and seconded Cr Dal Broi)

AGENDA ITEM 19 - RAMJO WORKING GROUP MINUTES

The Board considered the Minutes of the following RAMJO Working Groups:-

- 19.1 Engineers Group Meeting — 8th August 2018
- 19.2 Development Services Group Meeting — 6th September 2018
- 19.3 General Managers Group Meeting — 19th October 2018

RESOLVED that the Working Group Minutes be received and noted

(Moved Cr Bourke and seconded Cr Maytom)

AGENDA ITEM 20 - PRESENTATION BY TRANSGRID REPRESENTATIVES MITCHELL HUME AND ANDREW LEWIS - ELECTRICITY TRANSMISSION NETWORK RAMJO REGION

The Board received a powerpoint presentation (to be distributed with the Minutes) by the TransGrid officials, the background information being as follows:-

"TransGrid is the manager and operator of the high-voltage electricity transmission network in NSW and the ACT, including 104 bulk supply substations and more than 13,000 kilometres of high-voltage transmission lines and

cables, including assets in the Council areas of Hay, Edward River, Murray River, Murrumbidgee, Berrigan, Narrandera, Griffith and Leeton.

Across NSW the energy system is experiencing a transformation as technology and economic forces encourage investment in large-scale renewable energy, including significant interest developing in solar farms, wind farms and hydro-electric facilities in or near south-western New South Wales. TransGrid provided information about how existing and potential electricity infrastructure projects in the region will stimulate investment, employment and economic growth in the region while contributing to low-cost, reliably energy supplies"

**RESOLVED that the TransGrid presentation be received and noted
(Moved Cr Maytom and seconded Cr Brennan)**

AGENDA ITEM 21- GENERAL BUSINESS MATTERS

21.1 — Water NSW Community Advisory Groups

Cr Maytom reported on his role as the RAMJO representative on the Water NSW Community Advisory Group (CAG) for the Murrumbidgee River system. There is also a CAG for the Murray River system and Cr Maytom suggested that Mr Vince Kelly from NSW Water be invited to address a future meeting of the RAMJO Board.

**RESOLVED that Vince Kelly from Water NSW be invited to make a presentation to the February 2019 RAMJO Board Meeting
(Moved Cr Maytom and seconded Cr Brennan)**

21.2 — Police numbers and operational hours in country towns

Cr Kschenka advised of the ongoing concerns about insufficient police numbers and station opening hours in Narrandera, Leeton and other similar sized country communities. He referred to previous and ongoing representations made to the State Government in the matter .

The Chair advised that he would discuss these concerns with the Minister for Police the Hon Troy Grant MP and/or Deputy Commissioner Gary Worboys APM.

21.3 — Appreciation of RAMROC and RAMJO Services by Executive Officer Ray Stubbs

Board Members expressed their appreciation of the services provided since April 2004 by the Executive Officer Ray Stubbs and wished him well in his retirement.

There being no further business, the RAMJO Board meeting concluded at 12.50 pm.

5. MATTERS ARISING FROM MINUTES OF 14TH NOVEMBER 2018 BOARD MEETING

6. DPC REGIONAL DIRECTOR VERBAL UPDATE

James Bolton to provide a verbal update of matters in the RAMJO region.

7. CHAIRPERSONS VERBAL UPDATE – REGIONAL CITIES NSW MEETING

Chairman Kevin Mack to provide a verbal update of the meeting and the future direction.

8. PHIL TOWNSEND: MURRAY DARLING BASIN CHIEF ECONOMIST

Dr Phil Townsend – Senior Economist, MDBA:

For the last 8 years, I have been seeking to understand how the Basin Plan has been affecting industries and communities throughout the Basin. This has required understanding the role of water (irrigation) in the different Basin communities and then separating the effects of the Basin Plan water recovery from all the other influences driving change in the social and economic conditions of these communities. The presentation will focus on the findings of that work and seeking to address questions arising from those findings.

Recommendation:

- 1. That the information regarding socio-economic impacts of the Basin Plan as presented by Dr Townsend be received and noted.**
-

9. WATER PAPERS & DISCUSSION ON ENDORSING RAMJO WATER POSITION

There have been numerous reports and media releases circulated since early December 2018 regarding the status of water in the Murray Darling Basin and the roll out of the Basin Plan.

The reports include:

- 2018 MDBA Score Card on the tracking of the implementation of the Basin Plan
- The Productivity Commission's 5 Year Assessment of the progress relating to the Basin Plan and the risks and issues relating to The Plan
- The South Australian Royal Commission into Murray Darling Basin Authority's administration and Plan.
- Media releases have all praised the progress of the Basin Plan, but indicate progress going forward will be very difficult. With continuing drought conditions, and with inflows to the River Murray system in the six months to December 2018 being in the lowest 10% on record, the outlook for the complete implementation of the Basin Plan, while managing impacts relating to reduced water allocation is troubling.

Recommendations:

- 1. That the heightened media focus resulting from a range of documents being released on the MDBA and water management in the Murray Darling Basin be received and noted.**
- 2. That the Board confirm RAMJO's position on water, the Basin Plan, as well as immediate and future needs of the region as it relates to water.**
- 3. That consulting an independent expert on water, to review all documentation in this matter and provide an informed policy position for the Board may be necessary to guide the best direction of RAMJO's efforts to:**
 - a. Create opportunity to influence**
 - b. Be heard as one regional voice**
 - c. Provide future opportunity for the region as it relates to water**

11. MURRUMBIDGEE PRIMARY HEALTH NETWORK (PHN) PRESENTATION BY ANITA MCRAE

Primary Health Network (PHN) is a part of the national network of 31 PHNs across Australia. PHNs work closely with the primary health system to identify opportunities to improve health outcomes in our community, through better coordination and support of health services and by commissioning new services to address the health needs of our population.

Primary Health Networks are not-for-profit organisations funded predominantly by the Australian Government to tackle identified national objectives and priority areas.

As announced on 5 August 2018, the Australian Government is rolling out extra mental health support initiatives to help farmers and communities to deal with the uncertainty, stress and anxiety of drought conditions. PHNs have received funding for community-led mental health, social and emotional wellbeing and suicide prevention initiatives. Murrumbidgee PHN (MPHN) is using part of this money to fund Murrumbidgee Community Grants program. Activities eligible for funding will address immediate support needs, but also foster longer term recovery and resilience. These could include community orientated wellbeing activities and training, or workforce capability development projects. Community-led wellbeing initiatives should be group focused and could be:

- Workshops promoting resilience and reduce stigma associated with mental illness and accessing mental health and suicide prevention services.
- Complementary and lifestyle interventions known to improve physical and mental health such as exercise, relaxation, yoga, mindfulness, or meditation classes.
- Community education on topics such as managing stress, anxiety, depression and stigma.
- Workforce capability development projects aimed at improving support for people experiencing drought-related distress could be eligible for funding. Local workforce initiatives could aim to upskill health, mental health and rural workforce in topics such as trauma informed approaches, gatekeeper training, or mental health first aid.

Recommendations:

1. **That the presentation from Murrumbidgee PHN be received and noted.**
2. **That the Drought Community Grant Programs (Empowering Our Communities) is available and currently open for applications.**
3. **That Board members consider whether there is any merit in a joint funding application.**

12. ESTABLISHMENT OF THE STRATEGIC SUB-COMMITTEES UNDER RAMJO'S STATEMENT OF STRATEGIC REGIONAL PRIORITIES

At the General Managers' meeting on 1st February 2019 in Moama, the membership of each Sub-Committee was confirmed, with a representative to convene the first meeting. Furthermore, it was agreed that Terms of Reference be drafted, along with a Statement of Expectations which will be distributed to each Sub-Committee. At the first meeting of the Sub-Committees (due to take place in the next month), further members and/or stakeholders will be identified.

The working groups and their representatives are as follows:

Recommendations:

1. That the membership of each Sub-Committee be received and endorsed.
2. That it is noted the Executive Officer will write to Department of Premier and Cabinet and request State Government representation on each Sub-Committee.
3. That it is noted the Executive Officer will investigate opportunities for technology interaction for the Sub-Committees in place of driving vast distances across RAMJO for Sub-Committee meetings via DPC (James Bolton) and OLG (Cameron Templeton).
4. That the Board agrees to the drafting of Terms of Reference and Statement of Expectations to guide process and direct reporting procedures to the Board from the Sub-Committees.

13. PROFESSIONAL OFFICER GROUPS UPDATE

Engineers Working Group: took place in Griffith on Wednesday 6th February. Minutes are yet to be circulated, however, items for noting included:

Southern Lights Project

- In October 2018 the working group provided the Deputy Premier and the Department of Premier and Cabinet's (DPC) Chris Hanger with copies of the Business Case, as requested by DPC.
- The Business Case, which was based on individual calculations for each of the 75,500 street lights that comprise the Southern Lights area, showed that the total cost of the project would be \$71 million. We requested that the State consider funding \$61.4 million of this amount.
- Mr Hanger has advised that the DPC's Connectivity Team is assessing the Business Case with a view to making recommendations relating to funding the project through the Snowy Hydro Legacy Fund.
- Given there is an upcoming election, with Caretaker Period commencing on Friday 1st March 2019, time is becoming scarce for a funding decision to be made.
- This creates issues in the short term for Wagga Wagga, Albury, Bathurst and Orange, where lights must be replaced this year. Albury was due for replacements last November, but was delayed to allow for the development of Southern Lights' Business Case.
- Brad Ferris is further working on understanding the local impact, should the project not be funded before the upcoming election.

Farm Gate Access

- Roads and Maritime Services (RMS) presented an opportunity for RAMJO to partake in a pilot of a new online ‘self-assessment’ of individuals applying for direct farm gate access to roads.
- The Working Group considered the benefit such an online program would provide. A decision was not made regarding the pilot.

Regional Freight Transport Plan

- The plan is in its final stages of amendments. It is expected to be completed in the coming weeks, at which time it will be circulated.

14. GRANT / FUNDING OPPORTUNITIES

NSW Regional Capacity Building Program

- RAMJO and the City of Wagga Wagga have been successful in their combined application for funding under the NSW Regional Capacity Building Program on contaminated land. RERO also received a grant, which together total \$699,380.
- The funding will allow for a 3 year project, where RAMJO and Wagga intend to build on outcomes achieved under the corresponding RAMROC/RERO contaminated land grant project that concluded in 2017.
- Griffith City Council, the City of Wagga Wagga and Albury City Council will be the lead councils on this project.
- \$420k grant will be used to recruit a Regional Project Officer and cover project delivery expenses (e.g. workshops).
- The key objective of this grant is to enhance technical capacity within NSW councils on contaminated land management.
- The Regional Project Officer will be required to focus on Underground Petroleum Storage Systems (UPSS) which is of import, noting that on 31 August 2019 all NSW council will be the Appropriate Regulatory Authority (ARA) under the Protection of Environment Operations (UPSS) Regulation.
- Next steps will comprise executing an Agreement with NSW EPA on the grant project, then to recruit a Regional Project Officer to deliver on the project.
- RAMJO and Wagga will invite representation from participating councils to be on the Executive Committee (oversight role) and/or a working group under this project.

Office of Environment and Heritage: Increasing Resilience to Climate Change

- OEH are holding a workshop for the purpose of devising regional opportunities with the Councils of RAMJO. Applications are open from now until 1st March.

Empowering Our Communities – Primary Health Network

- As per the presentation by Anita McRae, there may be opportunity in a joint funding application for Drought Communities support.

Crown Land Management

- Discussed at the General Managers' meeting on 1st February 2019 was the option for some Councils to pool funding received for compiling the plans for Crown Land management for a resource. Alternatively, a RAMJO working group in the first instance will allow Councils to share templates and other information.

15. RAMJO GENERAL MANAGERS' MEETING MINUTES – FRIDAY 1ST FEBURARY 2019

See attachment. Noteworthy decisions and actions related to:

- **Strategic Sub-Committees:** Establishment of Sub-Committees under the RAMJO Statement of Strategic Regional Priorities (see Agenda item 12).
- **Crown Land Management:** establishment of a Professional Officers Property Working Group, with nominations from each Council coordinated by the Executive Officer (ideally a property or native title officer) and identify a Chair for the group. Under RAMJO, the working group would:
 - allow staff at each Council to engage in the early stages including information dissemination, mapping, template sharing and building networks; and

- create an opportunity for those Councils to work collaboratively in employing a resource or engaging a contractor to assist in a coordinated and efficient approach to undertaking the management plans.
- **Western Riverina IT Project:** General Managers agrees that RAMJO is in a position to be the agency to manage the project and related funding and contracts. An IT Professional Officer Working Group to review Standardising Operating Procedures across Councils to map further efficiency opportunities.
- **Water (see Agenda Item 9):** In the absence of the Water Sub-Committee, and with all Councils not being represented on the Murray Darling Association, it was agreed the Executive Officer would provide Executive Summary points from these reports to the Board on the recently released papers:
 - Murray Darling Basin Royal Commission Report
 - Productivity Commission Inquiry Report: Murray Darling Basin Plan – Five Year Assessment
- It was noted the RAMJO Board will need to reinforce their position on water.

Recommendation:

- 1. That the actions and decisions of the General Managers' meeting be received and noted.**
